Ear Tip

This diagram illustrates the assembly of an ear tip. It shows three main components: a small, rounded 'Ear Tip' with a central opening; a larger, flange-like 'Silicon plug' with a central protrusion; and a small, stepped 'Silicon plug' that fits into the larger one. Arrows indicate the assembly process: the 'Ear Tip' is shown being inserted into the larger 'Silicon plug', and the smaller 'Silicon plug' is shown being inserted into the larger one.
